## WORK EXPERIENCE

### Euronet Worldwide (Product Based - BFSI)

Software Engineer

July-2022 - Present

- Spearheaded the design, **development**, and **deployment** of a **prepaid card banking application**, managed intricate transaction systems while achieving an overall user satisfaction rate exceeding 80%, reflecting **exceptional performance**.
- Achieved a **40% reduction in operational time** and costs, driving overall efficiency across critical business functions.
- Optimized version control processes using **Git/GitHub**, leading to a **50% reduction in merge conflicts** and maintaining code integrity during major software releases.
- Proficient in **JIRA** for tracking progress and delivering project milestones, ensuring **on-time delivery of 95%** of projects.
- Collaborated in cross-functional teams, contributing to the **successful completion of 7+ high-priority projects** within tight deadlines.
- Streamlined the **reconciliation** and **settlement** process, implementing **automated workflows** that reduced manual effort by **50%**, minimized errors, and enhanced financial accuracy.

### Ugam Solutions - A Merkle Company

Consultants

February 2021 - August 2021

- Collaborated with **eBay** to verify and validate seller-provided data, ensuring **accurate product listings** aligned with **classification standards**.
- Partnered with the **QA team** to address flagged **discrepancies**, maintaining **data accuracy** and **consistency**.
- Improved **workflow efficiency** through precise **data handling** and effective **cross-functional collaboration**, streamlining **validation** processes.

## EDUCATION

### K.C College of Engineering

B.E Computer Engineering - 6.98

2017 - 2020

### M.M Babasaheb Gawde Institute of technology

Diploma in Computer Engineering - 71.31

2014 - 2017

### Seventh Day Adventist English High School

SSC - 70.60

2013 - 2014

## PROJECT

### Metal Alert (Spring Boot)

- Engineered a **Spring Boot-based API** integrating third-party services to monitor real-time metal prices. Implemented automated **Email**, **SMS**, and **WhatsApp** notifications to alert users of price updates.

## SKILLS

- Java, **Spring Boot**, Restful API, **Microservices**
- **MySQL**, JPA, **Hibernate**, JavaScript
- **Spring MVC**, **Spring AOP**, HTML
- CSS, **jQuery**, Ajax, **Apache Tomcat**, Eclipse
- **Git/GitHub**, **Jira**, Jenkins, Sonar cube,
- Swagger, **Postman**

## CERTIFICATE

### Jspider Training & Development Center

- Gained hands-on experience in Java development, Core Java, Advance Java, SQL, JSP, Servlet, jQuery, JavaScript, HTML, and CSS.
